2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

School Mission Statement:

Gilbert High School's mission is to provide a safe and caring learning environment. Through instruction that is based on the current state-adopted standards, 21st century skills, and the Next Generation Science standards, we help our students improve their academic, personal, and social skills so they may assume a productive and positive role in their community.

General Information:

Gilbert High School is an accredited Model Continuation High School that serves students in grades 9 through 12.. The school's full-day program (8:00 am to 1:52 pm) is designed to assist students who are credit deficient or in need of a flexible schedule due to employment, family obligations, and/or other critical needs. Through a collaborative effort with parents/family members and the community, Gilbert helps students recover/earn credits toward a high school diploma and prepare for postsecondary success. Students have the option of graduating from Gilbert or, for those who are on-track, returning to their comprehensive site to graduate.

Educational Highlights:

Gilbert has twice been designated a Model Continuation High School by the California Department of Education. Gilbert students have access to varied learning environments, including direct instruction, APEX online courses, and Credit Acceleration Program (CAP) classes. Targeted student groups include English Learners, McKinney Vento, Socioeconomically Disadvantaged, Students with Disabilities, and Teen Parents; however, all students have access to academic, behavioral, and social interventions, including two academic counselors, two full-time social workers, social work interns; a school psychologist, a health services technician, substance abuse workshops; college application and FAFSA workshops; field trips, campus support groups and clubs; an on-site essential needs pantry, and community resources. The duration of a semester for most courses is nine weeks; although some courses, such as those offered through a partnership with the North Orange County Regional Occupational Program (NOCROP) utilize a traditional 18-week semester. Gilbert High School students must meet the District's minimum graduation requirements to earn a high school diploma, which includes 220 total credits. Completed coursework must include the District's graduation requirements of: English 1-4, U.S. History, World History, Government, Economics, Math 3, Math 4, Math 5, Introduction to Functions, Earth Science, Biology, Art, PE, Health, and electives. We offer Paxton-Patterson STEM-based college and career ready courses that include HVAC, plumbing, sports medicine, nursing, EMT, forensics, and mental health; and Career Technical Education (CTE) courses that include digital design, business and finance, and culinary arts.

2021-22 School Overview

Demographic Information:

Annual enrollment at Gilbert fluctuates throughout the year but ranges between 400 and 600 students. A September 28, 2021 snapshot showed enrollment at 411, in which 88.3% were socioeconomically disadvantaged, 31.1% were English Learners, 9% were students with disabilities (SWD), 10.9% were McKinney-Vento, and 2.2% were foster youth. In addition, the majority of students were Hispanic (87.3%) and male (65%).

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All content subject areas utilize standards-aligned, State and District adopted textbooks and instructional materials. Teachers have input into the textbook selection process at the district level through an established curriculum cycle. Teachers are given in-depth training on the instructional materials and the ancillary materials that accompany the basic textbook material. Ancillary materials support both the language needs and the learning needs of students.

This information was collected in September 2018.

School Facility Conditions and Planned Improvements

Information about the safety, cleanliness, and adequacy of school facilities, including the condition and cleanliness of the school grounds, buildings, and restrooms may be obtained by speaking with the school principal.

Gilbert High School is located in the Trident Education Center at 1800 W. Ball Road, Anaheim, and shares the campus with Polaris High School (Independent Study). School facility conditions evaluations are conducted annually. During the fall of 2009, a thorough analysis of the alternative education facilities resulted in a decision to consolidate the Gilbert-West site into the Gilbert-South campus on the Trident Education Center site, starting with the 2010-11 school year.

Maintenance and Repair: Site and District maintenance staff ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority.

Cleaning Process and Schedule: The District's Board of Trustees has adopted cleaning standards for all schools. The administration works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. All classrooms and restrooms are cleaned daily. Deep cleaning, including waxing of floors and painting, takes place during times when students are not in classes. Students, parents, and staff are encouraged to report any objectionable conditions via a uniform complaint procedure.

The most recent site inspection was completed on October 26, 2021.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 Career Technical Education Programs

Gilbert High School has four career pathways that represent several industries that suit the needs, interests, and demands of its diverse student body. During the 2017-18 school year courses were offered in the following career industries: Business & Finance; Design, Visual, and Media Arts, Health Science & Medical Technology; and Hospitality, Tourism, and Recreation.

Our CTE pathway courses are designed using the CTE Model Curriculum Standards, ensuring that students are developing the key skills needed to succeed in both school and the workplace. All of our teachers are trained to provide the best possible instruction for all students, including those in CTE pathways, with a focus on universal design for learning, ensuring that all students can access the curriculum. Our district measures the success of our CTE programs by evaluating the graduation rate, A-G completion rate, post-secondary enrollment, and when possible the career placement of students. This data guides which CTE pathways are offered, as well as the alignment between curriculum and the needs of each industry sector. CTE teachers attend regional advisory boards for each industry sector to stay up to date on the latest trends, skills desired of employers, employment outlook, and post-secondary programs related to the industry sector. These advisory boards are provided by Vital Link, a local non-profit organization that connects businesses with school districts, ensuring that the knowledge gained at the advisory boards represents the surrounding region.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents and family members have several opportunities to participate in the education of their student. Family orientation nights are held at the beginning of each semester and on-campus events, such as Back to School Night, Open House, parent learning walks, and an awards and talent show, are held throughout the year. Parents/family members are invited to join the English Learner Advisory Committee (ELAC), the School Site Council (SSC), and our newly-formed PTSA to provide input on school policies and procedures. SSC members help write the annual school plan, family engagement policy, and school-to-home compact. Our full-time, bilingual Family and Community Engagement Specialist (FACES) supports parent/family needs via school, District, and community resources; conducts family workshops and events, and sends to parents a Weekend Updates newsletter. Parents/family members receive home calls, text messages, and email in their preferred language to inform them of their student's progress and of school events. In addition, all parents/family members have access to their student's progress through the Aeries (student information system) Parent Portal, which is available with instructions on the school website.

*During the COVID-19 quarantine, parent meetings and events were held virtually.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Our Safe School Action Plan is reviewed, discussed, and updated on an annual basis. Spearheaded by our assistant principal, the Plan includes input from our School Safety Committee (which consists of certificated and classified staff members), local law enforcement officials (police and fire), and our School Site Council (which includes an administrator, staff members, students, and parents/community members). Input from these groups is used to determine any needed changes to current emergency response procedures. The Safety Plan is revised in December to reflect updates that impact response procedures as well as new resources that impact our ability to respond to emergency situations. The Plan addresses survey and trend data, social climate (PBIS and MTSS), student interventions, and the physical environment. Emergency response protocols are reviewed with staff during the first two days (non-student professional development) of the school year. Red folders with pertinent information for emergencies (campus map, instructions and procedures, class rosters, and attendance sheets) hang in every classroom and office, and also in the cafeteria and kitchen, and are used during our campus-wide safety drills. The Safe School Action Plan is implemented by all staff members, and our school community (students and staff) participates in no less than six safety/evacuation drills throughout the school year.

2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. 2020-21 Types of Services Funded

Gilbert High School receives federal and state categorical funding and is a school-wide Title I program. Funding for the LCAP goals of college and career readiness, parental involvement, and a safe and positive school culture is provided by the Local Control Funding Formula (LCFF), Title I, and Title IV. Our LCFF funds are used to improve and increase educational services for our educationally disadvantaged students and English Learners. Our Title I funding targets the learning needs of our students, parent involvement opportunities, and professional development of our staff. Our Title IV funds are used to support STEAM (science, technology, engineering, art, math) programs. For the past few years, Gilbert has received Comprehensive Support and Improvement (CSI) funds, which are earmarked for improving student achievement through evidence-based interventions, strategies, and activities.

Professional Development

Teachers participate in a variety of District in-services as well as professional development workshops and conferences to enhance their content knowledge and instructional skills. This is in addition to four professional development days and weekly late-start meetings, which are scheduled each year for professional learning activities. New teachers are also required to participate in a teacher induction program. The District and school continue to train teachers in strategies to deliver a differentiated curriculum with depth and complexity. Teachers learn to utilize students' assessment results in order to target instruction to better meet the individual needs of students. Classified staff members have many opportunities to participate in training designed to enhance their effectiveness with students. All District staff members are supported in their efforts to deliver highly effective lessons. Teachers and administrators are given many opportunities to examine current instructional programs and strategies and realign with state curriculum performance and content standards. Research-based instructional strategies are reviewed and implemented.

In addition to what the District provides, Gilbert has weekly professional development opportunities. Our PD time is utilized by departments, specialized programs, and cross-curricular collaborations. All educational staff is involved in a variety of workshops and conferences that focus on such topics as civic engagement and student voice, incorporating the 5Cs, and mindfulness.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
