School Accountability Report Card
Reported Using Data from the 2010-11 School Year
Published During 2011-12

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at http://www.cde.ca.gov/ta/ac/sa/.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

EdData Partnership Web Site
EdData is a partnership of the CDE, EdSource, and the Fiscal Crisis Management and Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest
DataQuest is an online data tool located on the CDE DataQuest webpage at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access
Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2010-11)
This section provides information about the school, its programs and its goals.

Gilbert High School is an accredited continuation high school that serves students in grades 9 through 12. It is a full day program (8:00 - 1:52) designed to assist those students who are often credit deficient or in need of a flexible schedule due to employment, family obligations, and/or other critical needs. Students follow the district adopted curriculum, meet the district graduation requirements and are encouraged to enroll in ROP job training courses or work experience as part of their day. Gilbert High School's mission is to provide a safe, caring, learning environment. Through literacy and standards-based instructional support and career technical training, students improve their academic, personal and social skills so they may assume a productive and positive role in their community.

Opportunities for Parental Involvement (School Year 2010-11)
This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

Parents have the opportunity, and are expected, to participate in the at-risk counseling for their child. Parent Orientation nights are held at the beginning of each semester. Parents receive (Teleparent) home calls periodically to inform them of activities or incidents on campus. All parents have access to the Zangle Portal online and are encouraged to contact school counselors and administrators as needed. There is bilingual support for parents with language needs. Additionally, all parents are invited to attend School Site Council, and Discipline Committee meetings for alternative education to provide input on school policies and procedures under discussion. Those parents wishing to participate on various committees may inquire with Mrs. Nancy Malotte at (714) 999-3738.

Student Enrollment by Grade Level (School Year 2010-11)

Grade Level	Number of Students
Grade 9	7
Grade 10	37
Grade 11	193
Grade 12	444
Total Enrollment	681

Student Enrollment by Group (School Year 2010-11)

Group	Percent of Total Enrollment	Group	Percent of Total Enrollment
Black or African American	2.6	White	14.2
American Indian or Alaska Native	0.6	Two or More Races	1.2
Asian	1.6	Socioeconomically Disadvantaged	57.3
Filipino	1.9	English Learners	54
Hispanic or Latino	76.2	Students with Disabilities	10.1
Native Hawaiian/Pacific Islander	1.6		

Average Class Size and Class Size Distribution (Secondary)

Subject	2008-09				2009-10				2010-11

*   Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

III. School Climate

School Safety Plan (School Year 2010-11)
This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

School Safety Plans are reviewed on an annual basis. A School Safety Committee comprised fo staff members meets three times annually to update the plan. Updates to the School Safety Plan are completed and presented to the School Site Council each April. The Plan was reviewed with staff on August 25, 2011 prior to the beginning of school. Copies are maintained in each administrative office.

Suspensions and Expulsions

Rate	School			District		
	2008-09	**2009-10**	**2010-11**	**2008-09**	**2009-10**	**2010-11**

Expulsions	1.17	1	40.82	1.08	0.97	2.97

*   The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment (and multiplying by 100).

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2011-12)
This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

*   Description of the safety, cleanliness, and adequacy of the school facility
*   Description of any planned or recently completed facility improvements
*   The year and month in which the data were collected
*   Description of any needed maintenance to ensure good repair

Year and month in which data were collected: October 2011

Information about the safety, cleanliness, and adequacy of school facilities, including the condition and cleanliness of the school grounds, buildings, and restrooms may be obtained by speaking with the school principal.

Gilbert High School is located in the Trident Education Center at 1800 W. Ball Road, Anaheim with Community Day program and Polaris High School (Independent Study). School facility conditions evaluations are conducted annually.
During the Fall of 2009 a thorough analysis of the alternative education facilities resulted in a decision to consolidate the Gilbert-West site into the the Gilbert-South campus on the Trident Education Center site starting with the 2010-2011 school year.

The most recent site inspection was completed on October 3, 2011.

School Facility Good Repair Status (School Year 2011-12)
This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

*   Determination of repair status for systems listed
*   Description of any needed maintenance to ensure good repair
*   The Overall Rating (bottom row)

System Inspected	Repair Status				Repair Needed and Action Taken or Planned
	Exemplary	**Good**	**Fair**	**Poor**	
Systems: Gas Leaks, Mechanical/HVAC, Sewer	[ ]	[X]	[ ]	[ ]	
Interior: Interior Surfaces	[ ]	[ ]	[ ]	[X]	Several stained, missing, broken and loose ceiling tiles in various areas.

Teacher Misassignments and Vacant Teacher Positions

Indicator	2009-10	2010-11	2011-12
Misassignments of Teachers of English Learners	3	2	2
Total Teacher Misassignments	3	2	2
Vacant Teacher Positions	0	0	0

*   "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.
"Vacant Teacher Positions" refer to positions not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2010-11)
The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: http://www.cde.ca.gov/nclb/sr/tq/

Location of Classes	Percent of Classes In Core Academic Subjects Taught by	
	NCLB Compliant Teachers	Non-NCLB Compliant Teachers
This School	100	0
All Schools in District	100	0
High-Poverty Schools in District	100	0
Low-Poverty Schools in District	100	0

*   High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program.

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2010-11)

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	1	234
Counselor (Social/Behavioral or Career Development)	0	---
Library Media Teacher (Librarian)	1	---
Library Media Services Staff (paraprofessional)	0.5	---
Psychologist	0.1	---
Social Worker	0	---
Nurse	0.3	---
Speech/Language/Hearing Specialist	0.1	---
Resource Specialist (non-teaching)	0	---
Other	0	---

* One Full-Time Equivalent (FTE) equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time.

VII. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2011-12)
This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected:

All content subject areas utilize standards-aligned, state and district adopted textbooks and instructional materials. Teachers have input into the textbook selection process at the district level through an established curriculum cycle. Teachers are given indepth training on the instructional materials and the ancillary materials that accompany the basic textbook material. Ancillary materials support both the language need students and the learning needs students.

This information was collected in November, 2009.

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	Percent of Students Lacking Own Assigned Copy
Reading/Language Arts	English language arts testbooks were adopted in 2002-03. There is one textbook available per student.	Yes	0
Mathematics	Mathematics textbooks were adopted in 2007-08. Course appropriate, standards-based textbooks were chosen for each mathematics course. There is one textbook available per student.	Yes	0
Science	Science textbooks were adopted in 2006-2007. There is one textbook available per student.	Yes	0
History-Social Science	History/Social science textbooks were adopted in 2005-06. There is one textbook available per student.	Yes	0
Foreign Language	Foreign language is not offered at Gilbert High School.	Yes	0
Health	Health textbooks were adopted in 2004-05. There is one textbook available per student.	Yes	0

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	Percent of Students Lacking Own Assigned Copy
Science Laboratory Equipment (grades 9-12)	Gilbert HS has a limited offering of lab sciences including Biology and Earth Science. Chemistry is being considered for the 2010-11 school year.		0

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2009-10)

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental/ Restricted)	Expenditures Per Pupil (Basic/ Unrestricted)	Average Teacher Salary
School Site	$13,878	$3,317	$10,561	$83,945
District	---	---	$5,564	$81,859
Percent Difference: School Site and District	---	---	89.8	2.5
State	---	---	$5,455	$70,570
Percent Difference: School Site and State	---	---	93.6	19.0

* **Supplemental/Restricted** expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted.
Basic/Unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending webpage at http://www.cde.ca.gov/ds/fd/ec/. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits webpage at http://www.cde.ca.gov/ds/fd/cs/. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: http://www.ed-data.org.

Types of Services Funded (Fiscal Year 2010-11)
This section provides specific information about the types of programs and services available at the school that support and assists students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

Gilbert High School receives limited federal and State categorical funding. The English Learner students are supplemented with Title III, EIA/LEP, and ELAP funding. Each of these funding sources supports the English acquisition of the English Learner. Title II funding supports the professional development needs of the Gilbert staff including acquiring instructional strategies that benefit the at-risk student.

Teacher and Administrative Salaries (Fiscal Year 2009-10)

Category	District Amount	State Average for Districts In Same Category
Beginning Teacher Salary	$47,665	$42,954
Mid-Range Teacher Salary	$86,735	$69,905
Highest Teacher Salary	$99,631	$89,464
Average Principal Salary (Middle)	$126,447	$121,722
Average Principal Salary (High)	$139,351	$128,348
Superintendent Salary	$237,300	$205,119
Percent of Budget for Teacher Salaries	40%	37%
Percent of Budget for Administrative Salaries	4%	5%

* For detailed information on salaries, see the CDE Certificated Salaries & Benefits webpage at http://www.cde.ca.gov/ds/fd/cs/.

IX. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- California Standards Tests (CSTs), which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.

- California Modified Assessment (CMA), an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.

- California Alternate Performance Assessment (CAPA), includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at http://star.cde.ca.gov.

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB.

For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at http://cahsee.cde.ca.gov/.

California Physical Fitness Test Results (School Year 2010-11)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT webpage at http://www.cde.ca.gov/ta/tg/pf/.

* Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

X. Accountability

Academic Performance Index
The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at http://www.cde.ca.gov/ta/ac/ap/.

Academic Performance Index Ranks - Three-Year Comparison
This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2008	2009	2010

Students with Disabilities			

*   "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

Academic Performance Index Growth by Student Group - 2011 Growth API Comparison

This table displays, by student group, the number of students included in the API and the 2011 Growth API at the school, LEA, and state level.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) webpage at http://www.cde.ca.gov/ta/ac/ay/.

Adequate Yearly Progress Overall and by Criteria (School Year 2010-11)

AYP Criteria	School	District
Made AYP Overall	No	No
Met Participation Rate: English-Language Arts	No	Yes
Met Participation Rate: Mathematics	No	Yes
Met Percent Proficient: English-Language Arts	No	No
Met Percent Proficient: Mathematics	No	No
Met API Criteria	No	Yes
Met Graduation Rate (if applicable)	Yes	Yes

Federal Intervention Program (School Year 2011-12)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

XI. School Completion and Postsecondary Preparation

Admission Requirements for California's Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the UC Admissions Information webpage at http://www.universityofcalifornia.edu/admissions/. (Outside source)

California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

• Specific high school courses
• Grades in specified courses and test scores
• Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the CSU webpage at http://www.calstate.edu/admission/admission.shtml. (Outside source)

Professional Development
This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:
- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determined the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance data reporting, etc.)?

Teachers participate in a variety of district in-services as well as professional development workshops and conferences to enhance their knowledge and instructional skills. The Beginning Teacher Support and Assessment (BTSA) program, district workshops, and professional conferences are opportunities for professional development. The district continues to train teachers in strategies to deliver a differentiated curriculum with depth and complexity. Teachers learn to utilize student assessment results in order to target instruction to better meet the individual needs of students. All teachers share a common sixth period conference period which provides the opportunity for regular collaboration as well as all staff have at least one minmum day a month for structured staff development presentations and/or collaboration.

On Site training in current teaching strategies is facilitated through Gilbert High School's Lesson Design Specialist. This position is occupied by a credentialed teacher who receives regularly scheduled specialized training in effective teaching strategies.
